

Sample submission form - Concerning Improper Coat / Furnishings (H848)

Instructions:

Please complete this form twice. Fill in this form digitally eventually with the help of a PDF-editor before you fill in the last data by hand.

The breeder and the veterinarian have to sign this form in the appropriate boxes.

Only one Genotek swab for the Australian Labradoodle puppy/dog has to be handed in.

The little container must bear the full name and microchip number of the puppy or dog in question. Please make use of abbreviations because there is limited space on the certificates.

One completed form together with the DNA samples has to be sent to the Dr. Van Haeringen Laboratory: PO box 408, 6700 AK Wageningen The Netherlands

The other form or true copy has to be sent to info.alfa.europe@gmail.com

The following test will be ordered

Type of test: (H848) Improper Coat / Furnishings

Remarks:
